**NOTES:** As long as the system monitors are connected to a Wi-Fi hotspot, the monitors will be able to receive software updates when they become available. *It is recommended that you update the system monitors monthly to ensure your system maintains peak performance.* Being a computer-based device, the system will require periodic updates which are managed through "Over-the-Air" software updates. If a software update is available, an "Update Available" message will appear on the home screen of the system monitors.

<b>WARRANTY NOTICE</b>							
The SB10UHD/2 Series Seatback Systems are ADVANCED SMART TV SYSTEMS where issues unrelated to the system could be mistaken for system performance issues. Full kit warranty returns of SB10UHD/2 Series Seatback Systems are prohibited. Only defective component(s) will be replaced with new or reconditioned part(s) on an approved RA. We recommend to contact the VOXX Tech Team to properly troubleshoot. Please factor this in prior to exchanging system parts in Advance for your customers. Such unrelated issues include, but are not limited to - App Operation, Wi-Fi Signal Strength, Electronic Interference, Media Format Compatibility, Blemished or Corrupted Media, External Smart Device limitations in features or compatibility....etc.							
NOTE: As long as the system monitors are connected to a Wi-Fi hotspot, the monitors will be able to receive software updates when they become available. <i>It is recommended that you update the system monitors monthly to ensure your system maintains peak performance.</i> Being a computer-based device, the system will require periodic updates which are managed through "Over-the-Air" software updates. If a software update is available, an "Update Available" message will appear on the home screen of the system monitors.
